

# EHS Staffing Program

Providing Support to Your Site

## The SCT Advantage

Have peace of mind ensuring worker safety and regulatory compliance! Your facility will be assigned an experienced safety professional to help develop, manage, and maintain your programs. Reduce the impact from EHS staff changes, absences, or work surges.

## Program Includes:

- Periodic lockout tagout assessments
- Forklift training and recertification
- PPE assessments
- New hire safety onboarding
- Incident / near-miss root cause analysis
- Written program maintenance and review
- Safety committee oversight
- OSHA 300 log maintenance
- Frequent and regular inspections of your facility

**Our EHS Staffing Program is completely customizable, with no annual contract!**

**You choose the frequency of coverage and the services.**
